The Lion in game is the 1938 design approved by the Admiralty, with hypothetical increases in AA armament and raked funnel caps similar to the ones on Vanguard.In a notable break from historical accuracy, the ship in game can mount 16.5 inch (419mm) guns from 1920s design studies. History. The Lion-class battleships were a class of six fast battleships designed for the Royal Navy in the late ...

History Design. The last battleship of the Royal Navy, HMS Vanguard was designed relatively rapidly. Originally, the Royal Navy had planned to match current and future construction of the German, Italian, and Japanese navies with the six ships of the Lion-class, with two ships being included in each budget from 1938 to 1940.Although the two battleships of the 1938 program, Temeraire and Lion ...
