The feminine leadership style relateswith others, while keeping ego under control. It looks for ways to connect, to hear, and see others. We seek to inspire and build, which multiplies our impact, rather than separate and diminish our efforts. People respond to this caring energy.

The Feminine Leadership Style | Newave Leaders

Feminine leadership is another one of the 21st century leadership models emerging out of the old, hierarchical, top-down, control leadership model. Just like service leadership, Indigenous leadership, team, collaborative or mission-oriented leadership, Feminine leadership focuses on a well-rounded, healthier approach to business and community.

What is Feminine Leadership — Andrea Menard

A lot has been said about women's leadership, and how it does or does not differ from men's leadership. In most discussions, women's leadership and feminine leadership are assumed to be the same thing. As a result, any talk of feminine leadership is understood as something not relevant to men, and even antagonistic to men.

Why Feminine Leadership Is Not About Women | HuffPost

"Shakti Leadership" evokes a feminine archetype of leadership that is generative, cooperative, creative, and empathetic. "In leadership especially, the masculine pole — the one with more overt power, more aggression, more confidence, focus, clarity, more strength — is valued," Nilima says.
