## **High Technology Crime Investigation Association - Wikipedia**

The High Technology Crime Investigation Association (HTCIA) was founded in 1986 in response to the limited training and resources available for law enforcement to investigate the growing high technology industry. Since its inception, the HTCIA has grown into a worldwide organization with chapters all over the world.

## **About the High Technology Crime Investigation ... - HTCIA**

Computer Crime Investigations. Computer technology now encompasses mobile devices, tablets, laptops, desktops, and more. As an investigator, you need a working knowledge of this technology, its application to criminal activities, and the issues associated with investigating these cases.

# Get Free High Technology Crime Investigators Handbook Second Edition Establishing And Managing A High Technology Crime Prevention Program

## **SEARCH | High-Tech Crime Investigation**

This technology uses a network of microphones to detect a gun's unique explosive sound and then triangulates the source of the sound using GPS. Microphones are placed strategically around many cities and neighborhoods to capture the sound of gunshots and can even turn cameras toward the direction of the shots in an attempt to capture photos of the people involved.

### **Modern Technology Used in the Investigation of Crime**

The book begins by identifying and defining the most prevalent and emerging high-technology crimes — and exploring their history, their original methods of commission, and their current methods of commission. Then it delineates the requisite procedural issues associated with investigating technology-assisted crime.
