Why the future of talent is remote. According to Gartner, 74% of companies are planning for a permanent shift to some degree of remote work. This number is backed up by data from McKinsey, which finds that about 20-25% of the workforces in countries with advanced economies could work from home three to five days a week. That's at least 400% more remote work than existed before the pandemic.

How to hire remote employees

In truth there are only two emotions--only two words in the language of the soul.... Fear wraps our bodies in clothing, love allows us to stand naked. Fear clings to and clutches all that we have, love gives all that we have away. Fear holds close, love holds dear. Fear grasps, love lets go. Fear rankles, love soothes. Fear attacks, love amends.
