Similarly, looking towards Europe's busiest airport, London Heathrow has seen incremental delays at immigration through the 2010s. In August 2012, 100% of passengers made it through immigration within the Border Force's target wait times (25 minutes for EEA and 45 minutes for non-EEA); by 2018, figures had decreased to 98% for EEA passengers and 92% for non-EEA passengers.

Aviation Chaos in Europe: What's The Cause?

Between the 1900s and 1950s, global supply chains started to take shape, organisations such as UPS opened their doors. Industry leaders began to look at improving manual processes, researching the use of mechanisation, and demonstrating the benefits of analytics in military logistics following World War II.
