Restore the Private Sector Office. When it was created by Congress in 2002, there was a lot of criticism about what parts of the federal government would or would not make up the Department of Homeland Security (DHS). With 22 different components coming together into a new structure, those arguments were completely understandable, but for all of those criticisms, there is one thing that the Congress got absolutely right – it created a voice for the private sector.

Areas for Private Sector Leadership in Homeland Security ...

Private Security Partnerships with Police. Law enforcement-private security collaboration is vital for providing effective security services; for protecting the nation's critical infrastructure, 85 percent of which is owned by the private sector; and for addressing other crime problems that affect residents, neighborhoods, and businesses.
